

## ON-CAMPUS & OFF-CAMPUS INITIATIVES

**Doon Bharti Public School** has encouraged its students to excel not only academically but also at co-curricular spheres of life. It is our strong belief that the young generation of this country, who are the inheritors of our rich cultural heritage, must be encouraged to respect and preserve it. It is with this aim that Doon Bharti Public School has started several on-and-off campus initiatives to promote these skills and values among its student community. We allow young children to explore the outside as we believe that learning cannot be conned within the four walls of the classroom and that there is no better teacher than nature. Students are encouraged to ask questions because we believe that a curious mind is the receptacle of learning.

## BEYOND ACADEMICS

A healthy body and mind that can appreciate nuances of aesthetics in nature and diverse human activity is the sine qua non for becoming a balanced human being. To facilitate this, the school's calendar contains a host of co-curricular activities that cover a very wide spectrum. Performing and visual arts, sports and games, environmental studies, meditation and yoga will be practiced as a part of the routine. Children are exposed to real world experience through interactions with the community, trips and excursions to places of historical and social importance and by getting term to interact with experts and resource persons from various fields of human endeavor.

At Doon Bharti Public School, we encourage each and every pupil to participate in cultural, literary and social activities on and off campus. Activity periods built into curriculum open avenues for exploration and pursuit of hobbies. Our comprehensive sports arena encourages participation in various outdoor activities fostering team spirit, loyalty and unity - the essential components of the learning process.
